FOR IMMEDIATE RELEASE

xplicator Launches 3D-Scan.online: Cutting-Edge 3D Scanning Service Now Available

Hamburg, Germany – August 12th, 2024 – xplicator, a leader in innovative digital solutions, is thrilled to announce the launch of its latest service, 3D-Scan.online. This groundbreaking service is now available to businesses and consumers alike, offering unparalleled 3D scanning capabilities directly from the convenience of a web browser.

Revolutionary 3D Scanning Made Easy

3D-Scan.online combines the camera of your smartphone with the power of cloud computing to make high-quality 3D scans of objects accessible to everyone, everywhere. The platform enables the creation of detailed and accurate 3D models that can be utilized across various industries, including 3D printing, game development, e-commerce, virtual reality, and more—all with just a few clicks and at a price point below $100. Whether you're a professional seeking to streamline your workflow or a hobbyist exploring 3D technology, 3D-Scan.online is the ideal solution.

Key Features of 3D-Scan.online Include:

- **User-Friendly Interface:** Intuitive design makes it easy for users of all skill levels to create and manage 3D scans.

- **High-Resolution Scanning:** Capture intricate details with precision, ensuring accurate and realistic 3D models.

- **Cloud-Based Processing:** Scans are processed in the cloud, reducing the need for powerful local hardware and enabling quick, efficient results.

- **Compatibility:** Export scans in multiple formats, making them compatible with a wide range of 3D software and applications.

Why Choose 3D-Scan.online?

"3D-Scan.online represents a significant leap forward in making advanced 3D scanning technology accessible to everyone," said Gerrit Kolb, CEO of xplicator. "We've integrated state-of-the-art technologies with a user-centric approach to deliver a service that is not only powerful but also incredibly easy to use. We're excited to democratize this essential future technology and make it available for all—for good."

Immediate Availability

3D-Scan.online is available immediately at https://3d-scan.online. Customers can sign up for a free account and only use credits for the scan previews they really want. For more information about the service, please visit https://3d-scan.online.

About xplicator

xplicator is a pioneering company specializing in digital platforms that make previously prohibitive technologies accessible on a global scale. Committed to innovation and excellence, xplicator continues to push the boundaries of what's possible in the digital world.
